Mentor: Sumita Sarkar, Pearl Academy of Fashion, Delhi

Co – mentor: Lakshmi Murthy , Vikalpdesign, Udaipur

Advisors : Teachers and students of Saksham Daksh, Noida, UP

Final Degree Project :

“Kahani Her Mahine Ki” – A Menstruation Kit - developed for the visually impaired young girls and women. The kit “Kahani Her Mahine Ki” covers the subject of menstruation and how to manage during ‘periods’. The kit has the following features:

1. A life size human body model for demonstration.
2. Tactile diagrams and material are in the form of Information Slates, with labels of the different body parts. The Information Slates fit into a box with slats.
3. Each slate has text for the sighted and Braille for the visually impaired.

All components of the kit neatly fit into a “hold all”.

Bag containing life size demonstration model

Box with slats containing Information Slates

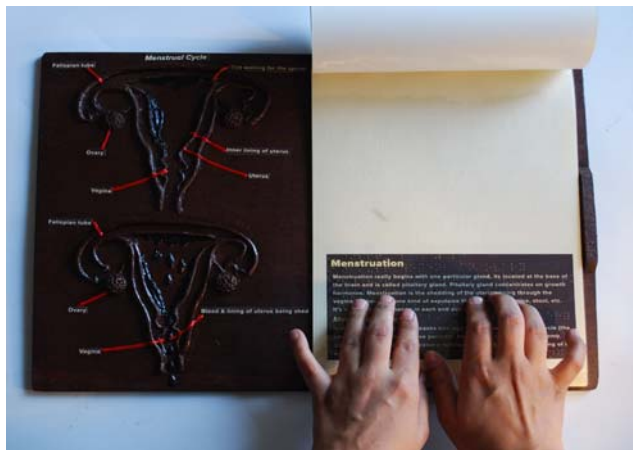

Hold all

Life Size demonstration model

Box with Information Slates

Illustrations with accompanying text for the sighted and braille for the visually impaired. The female body, detail of the uterus and external reproductive organs.

Students use the kit at a training session
